

## **Take That Gun**

Music & Lyrics: Mal Hombre

Well, they know your crippled mind  
Where a heart beats you are blind  
When you breath it's cold as death

You can break their necks and bones  
You will fear their ashen souls  
You will get to feel God's wrath

Oh brother, look 'em in the eye  
They stop the beast or gonna die

Take that gun - Lord, raise your children from the dead  
Take that gun - Take that gun and put a bullet in this blue-eyed head  
Take that gun - Save nothing of this devil's land  
Take that gun - Take that gun and put a bullet in this blue-eyed head

When the deepest blue turns bright  
And black turns into white  
Salvation is so near

We shall neither rest nor run  
'Till your hate is overcome  
Salvation is right here

Oh brother, look 'em in the eye  
They stop the beast or gonna die

Take that gun - Lord, raise your children from the dead  
Take that gun - Take that gun and put a bullet in this blue-eyed head  
Take that gun - Save nothing of this devil's land  
Take that gun - Take that gun and put a bullet in this blue-eyed head

We shall neither rest nor run 'till your hate is overcome

Take that gun - Lord, raise your children from the dead  
Take that gun - Take that gun and put a bullet in this blue-eyed head  
Take that gun - Save nothing of this devil's land  
Take that gun - Take that gun and put a bullet in this blue-eyed head
